Watch for more information. To reserve a sponsorship, contact dhanzlick@sheffieldplace.org or (816) 483-9927 x113

CLIENTS SERVED IN 2021

Sheffield Place served 126 families - 98 families in residence and 28 families with community-based aftercare/outpatient services.

- 100% lived below poverty
- 49% of mothers were White, 37% Black, 13% mixed or other race, and 1% Native American; 8% Hispanic/Latina in ethnicity

In residential services:

- Average age of mothers - 32 years; children - 6 years
- 57% of families stayed more than 30 days
- Mothers' risk factors:
 - 90% - mental health diagnosis
 - 88% - substance abuse
 - 84% - domestic violence
 - 60% - less than high school education
 - 48% - Children's Division involvement
 - 25% - background in foster care
 - 23% - at least one felony

RENOVATION OF FORMER CONVENT AND RESIDENTIAL FLOORS OF MAIN FACILITY COMPLETED

Sheffield Place completed the renovation of the former convent – now known as the SEVI House. This building provides transitional housing for seven families.

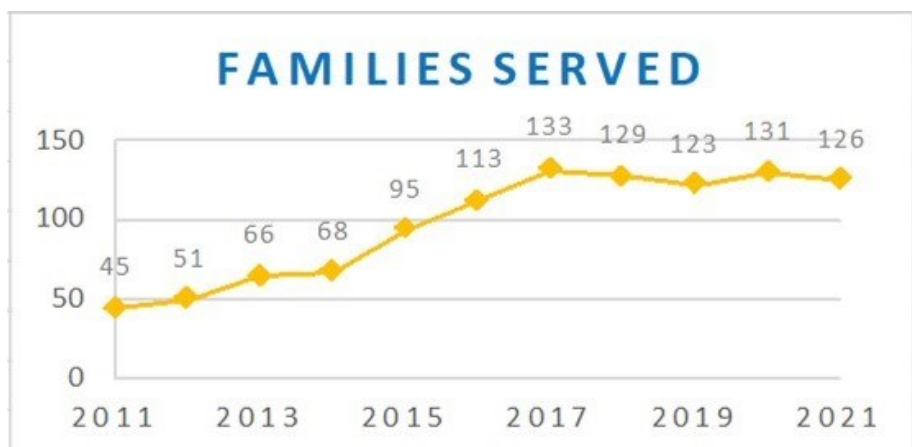

These living units will allow the agency to serve approximately 172 families in 2022 compared with 126 families (311 individuals) in 2021 and just 20 families as recently as 2010.

The agency also renovated the three residential floors in the main facility with new kitchens, bathrooms, flooring, lighting, and much more.

These, and other capital investments, were made possible by the 'A Place to Grow' capital campaign that concluded in January 2020 and raised just over \$1.8 million.

Next, the agency will remodel the lobby level of the main facility to enhance group instruction and ensure greater client privacy.

SHEFFIELD PLACE INVESTS IN FAMILIES AND THE COMMUNITY

In spite of the continuing COVID-19 pandemic, Sheffield Place has continued to advance the mission of healing from trauma and achieving self-sufficiency for the homeless mothers and children.

Sheffield Place looks forward to the new year and its expanded capacity to serve more families than ever. We project that the agency will serve approximately 172 families - up substantially from the 20 families the agency served in 2010.

Sheffield Place strives to use its resources in the most effective way possible. While the number of families served has increased more than eight-fold in 12 years, the annual budget has increased by only 68%.

In recognition of the agency's effectiveness, accountability, and transparency, Sheffield Place has received the top 4-Star rating from Charity Navigator, the nation's leading nonprofit rating agency, for the sixth consecutive year - a distinction earned by only 14% of rated agencies. Sheffield Place also received a perfect 100% score on measures of accountability, transparency, and effectiveness - a feat achieved by just over 100 nonprofits nationwide. Thank you for your support and commitment to the mission of healing and self-sufficiency for homeless families.

STRATEGIC GOALS

- Increase the number of clients served
- Increase the depth and menu of services
- Continue to diversify funding
- Increase community awareness

Sheffield Place—6604 East 12th Street—Kansas City, MO 64126
(816) 483-9927—www.sheffieldplace.org—dhanzlick@sheffieldplace.org

The mission of Sheffield Place is “To empower homeless mothers and their children to heal from their trauma and become self-sufficient.”

THE CONTINUING IMPACT OF COVID-19

Sheffield Place continued its vigilant approach to ensuring the safety of the children, mothers, and staff in 2021. Every staff member was fully vaccinated by the end of March. Mothers were required to be vaccinated to remain in the program; vaccines for children were required in keeping with CDC recommendations.

When a family moves into Sheffield Place, the eligible family members must be vaccinated within 30 days. The agency maintained mask requirements for staff, mothers, children, and visitors throughout the year.

Sheffield Place will continue to protect the families and staff in the months ahead.

The mothers and children created a banner to thank the community for the generous support in 2021.

SHEFFIELD PLACE VOLUNTEERS

Sheffield Place families benefited from the work of 175 volunteers in 2021. These volunteers contributed 1,340 hours of service. The value of the volunteer time is \$34,786 based on the Independent Sector's valuation of volunteer in Missouri (\$25.96 per hour).

OUTCOMES			
RESIDENTIAL HOUSING SERVICES	54% of families exited to permanent housing*	43% of families stayed more than 30 days	Of all mothers, 12% were employed at discharge. Of the mothers who stayed more than 30 days, 21% were employed at discharge*
RESIDENTIAL CLINICAL SERVICES—CHILDREN	64% of children (6 through 18 years) increased or maintained mental health functioning	86% of families improved resiliency as measured by improvement on the Protective Factor Survey	70% of mothers improved parenting
RESIDENTIAL CLINICAL SERVICES—ADULTS	67% of mothers improved mental health functioning or remained at or above functional level	62% of all mothers with addiction issues were clean from alcohol and other drugs at discharge; 79% for mothers who stayed more than 30 days	100% engaged in work development activities: job search group, job search coaching, and substance abuse treatment among others
AFTERCARE SERVICES	89% of families maintained permanent housing	64% of mothers remained abstinent from alcohol and other drugs	89% of families increased or maintained income

*All of the clients received employment services and most increased their incomes from federal support programs in response to the pandemic. This support and the pandemic-related conditions, including limited daycare options, reduced incentives for many women to seek employment. The outcomes measurements are lower than in previous years due to the extreme needs of the families and the lack of community services.

JENNY'S AND CHLOE'S STORY

Jenny and her daughter Chloe are representative of the families at Sheffield Place. Jenny is a veteran who experienced severe service-related and childhood trauma. Once honorably discharged, Jenny turned to alcohol to dull the pain of her life. Her young daughter experienced the trauma of a mother who was barely able to care for her due to addiction. Chloe was prone to acting out.

At Sheffield Place, Jenny found the therapy, case management, life skills, and addiction recovery services she needed to heal from her trauma. Chloe also received individual and group therapy services. Today, Jenny and Chloe live in permanent housing and participate fully in the community-based aftercare program. Chloe has gained the tools to function in school and is making good progress.

HOW YOU CAN HELP:

- ◆ Donate items from the immediate needs list!
- ◆ Volunteer!
- ◆ Make a financial gift!
- ◆ Follow us on Facebook, LinkedIn, and Instagram!
- ◆ Tell your friends why you support Sheffield Place!
